

VP700

Colour Label Printer

ACCESSORIES – Label Slitters

The longitudinal label slitter satisfies the present-day necessity to make the most of the print area with the possibility to obtain more rows of labels from the same roll, and then split it through the use of the slitter.

The cutting operations are done by a common cutter blade that is located in an apposite blade holder. The slitter has an external auto-switching 100/240V power supply and an electronic circuit controls all its functions.

Blade holder's support

The new label slitter, equipped with two 3" fixed core holder is able to work rolls with a diameter of 250mm. The maximum width of the roll is 220mm and it is possible to obtain rows of labels not narrower than 22mm.

Technical Specifications:

- 4 Blades included
- 3" fixed core holders
- Outside roll diameter up to 250mm
- Media width up to 220mm
- Minimum slitting width 22mm
- Manual speed adjustment
- Label Rewinding face-out or face-in

Dimensions

L: 820mm
H: 400mm
W: 460mm
Weight: 25kg
